

REMINDERS FROM HEALTH OFFICE

Parents/guardians must provide the health office with **written instructions from the student's physician:** in the case of serious injury requiring orthopedic appliances, cast, and overnight hospitalization, etc.

Keep students home with: Fever (100.4 degrees), vomiting/diarrhea, must be without symptoms for 24 hours in order to return to school.

Rashes, Pink Eye, Strep Throat: A **PHYSICIAN'S NOTE** is required, stating student is not contagious, in order to return to school. Administration of medication for 24 hours is also required, before returning to school.

Report if your child has LICE to the health office.
